Settlement Services Programme

Emigration can be a costly and complex process and arriving “cold” in a new country can be a daunting experience. You will need to co-ordinate everything from the opening of bank accounts to finding a new house, through to arranging the shipping of your household goods and obtaining an official tax file number.

We have made a strong commitment to providing re-settlement assistance to all our clients, to ensure that the transition process is made easier and more enjoyable. As a client of the Migration Bureau, Visa Centre or Four Corners, you can benefit from a range of specially-negotiated offers that can not only save you time and money but will help you organise your affairs in your new country BEFORE you even leave home. The result will be a smoother and more successful move.

The programme addresses every conceivable matter. You will receive information on the workings of the healthcare and education systems, useful tips and addresses, and general information about the ins and outs of living and working abroad.
